MAKING THE CALIFORNIA BUDGET ADD UP

Tom Campbell
California Director of Finance

Given the current focus on the state's budget, California Director of Finance Tom Campbell is the man of the moment. But what makes him and his perspective even more interesting is his past. He has been a Silicon Valley congressman, a state senator, a Stanford law professor and, until recently, the Dean of the Haas School of Business at the University of California, Berkeley. Add to that a law degree from Harvard, a

doctorate in economics from the University of Chicago, and a reputation for being a moderate Republican, and you have someone who brings a colorful history to the task of defining the state's financial future.

Join us as NAWBO-LA presents this very special briefing with Tom Campbell, the primary architect of the Governor's 2005-2006 state budget. This Public Policy/Monthly Membership Meeting will focus on the proposed budget and how it relates to us as citizens, business owners and stakeholders in the success of California.
